

BHAVESH SABNANI

9664320613|bhavesh.sabnani2005@gmail.com|LinkedIn | GitHub

Results-driven Software Engineer specialized in full-stack development, AI orchestration, and automation workflows. Highly skilled in Next.js, Express.js, WebSockets, and AWS cloud-native systems. Experienced in leveraging Google Antigravity and n8n to build secure B2B architectures that successfully balance absolute user privacy with real-time alerting protocols. Driven by strong DSA and OOPs fundamentals to write highly optimized code.

EDUCATION

PUNJAB ENGINEERING COLLEGE (PEC)

AUG2024– MAY 2028

B.Tech Electrical Engineering · GPA: 7.69/10

Chandigarh

JEE Mains: 98.04 Percentile (out of 1.6M+ candidates)

2022 – 2023

XII RBSE Board · GPA: 87% (90% PCM & English)

Jaipur

X RBSE Board · GPA: 92%

2020 – 2021

Jaipur

TECHNICAL SKILLS

Languages: C++, Python, JavaScript, TypeScript

Frontend Development: React.js, Next.js, HTML5, CSS3, Tailwind CSS, Redux Toolkit, Framer Motion, shadcn/ui

Backend Development: Node.js, Express.js, WebSockets, RESTful APIs, Redis, Authentication (JWT & Session)

Databases , Cloud & Deployment: MongoDB, Advance SQL, AWS (EC2 & SES), Render, Vercel

Developer Tools & AI Platforms: Git, GitHub, Google Antigravity (Agentic IDE), Postman, MongoDB Compass, VS Code, n8n (Automation)

Core Fundamentals: Data Structures & Algorithms (DSA-Solved 200+ LeetCode problems), Object-Oriented Programming (OOPs), DBMS , Operating System, Technical Problem Solving

PROJECTS

AssetFlow – Asset & Resource Management ERP | NestJS, TypeScript, PostgreSQL, Prisma, JWT, React [Github](#)

- Built the full backend of a full-stack asset-tracking ERP – **10 feature modules** and 60+ REST endpoints in NestJS/TypeScript over a 13 table **PostgreSQL schema (Prisma)** – with JWT role-based access control across 4 roles.
- Implemented concurrency-safe core logic – prevented double-allocation and double-booking under simultaneous requests via transactional row-level locking – plus **multi-step approval workflows** for transfers, maintenance and audit cycles.
- Shipped analytics and CSV-export endpoints, and verified the system with an **end-to-end suite of 50+ checks** (incl. a concurrency test) at **100% pass rate**; integrated a React + Tailwind role-based frontend.

InstaDev – Full-Stack Collaborative Networking Platform | React, Node.js, Express, MongoDB, Redux, Tailwind CSS

Frontend - Backend - LIVE

- Developed a full-stack developer matchmaking web application using the MERN stack to securely connect software engineers based on technical compatibility and programming interests.
- Orchestrated a dynamic card-swiping feed leveraging Redux Toolkit for centralized state management and secure cross-domain JWT authentication cookies to establish stable communication pipelines
- Designed an interactive user interface featuring modern glassmorphic theme layers with Tailwind CSS and synchronized fluid page transitions using Framer Motion layout wrappers.

OpenClaw Autonomous AI Agent Platform | TypeScript, Node.js, LLM Integration, Webhooks, Docker [GitHub](#)

- Engineered a self-hosted, autonomous AI assistant using the OpenClaw framework, integrating multi-model LLM pipelines to automate complex digital workflows and tool-calling via natural language commands.
- Implemented cross-platform messaging gateways (Telegram / WhatsApp) for remote execution triggers while containerizing the deployment inside Docker to safely execute scripts and safeguard private API keys.

ACHIEVEMENTS & CERTIFICATIONS

- Smart India Hackathon (SIH):** Selected for the prestigious SIH College Internal Round, ranking in the top tier out of 100+ competing teams.
- Oracle Agentic AI Certified** Foundations Associate – Oracle, JULY 2026
- Programming in Modern **C++ (Elite Certificate)** – Completed 12-week course recognized as an Elite Topper (Top 5%) out of 26,183 candidates.
- SQL (Advanced) **Certificate – HackerRank**, JULY 2026
- Certified Practice Venture | **Ignite India (Wadhvani Foundation)**: Developed a validated startup concept as part of the official 3rd-semester curriculum; recognized for entrepreneurial excellence
